## HEIR TO SIXTY MILLIONS.

## Important Occurrence.

As belt to \$60,000,000, the new Vanderbilt baby is quite an interesting per-Alfred Gwynne Vanderbilt, who had falled all the week before to gain a ribbon with his entries in the house show However, the consolution seems to be highly gratiby the founder of its fortunes, Commodure

Affred Gwynne Vanderbilt and bis recent bride, who was Miss Eisle French up to January 14 of this year, is the great-grandeen of the old ferryman who, on his death, left the great bulk of his fortune to his eldest son, William H. Venderbilt. The latter in turn left the greater part of the fortune, which had largely increased under his management to his eldest of Cornelius.

A few days ago I was summoned to a hospital to examine a man who claimed to have had his hearing totally destroyed to have had his hearing totally destroyed to the premature explesion of some blast-

sight that the new arrival will grow up.

Through each successive generation the Vanderbilt millions have increased so that the head of each generation could, at his Save yourself?

Both Alfred G. Vanderbilt and his wife and she a year younger. They are now living in his city home at Fifth Avenue and Phrty-nixth Street.-Rochester Democrateans Chronicle.

### REES IN A LETTER-BOX.

## British Officials.

A curious difficulty is occupying the attention of the officials of the postoffice. Some days ago a swarm of bees entered a roadside letter-box near Mullingar. A number of letters lie in the box, and in india, where it has been embedded. In their delivery must for the present be postponed. Readers of Sir Mountstuart remains there more completely hidden postponed. Reasers of Sr Mounistant Grant Post's memoirs will remember the India cative stationmaster who tele-graphed to headquarters: "Large tirer in possession of platform. Buch alarmed. Wire-instructions." The Kulingar post-

cents) any person dislogling the bees.

This tempting offer has produced no result—except a stinging letter from the owner of the swarm, who threatens if the bees are injured, to take legal proceedings against Lord Londonderry as his own offer to remove the intrulers was rendered fruitiess by the refusal of the postoffice authorities to allow the of the letter-box to be opened .- Loncon Chronicle

## NORWEGIAN FIRE ESCAPES.

## Those in Use in Hotels Trying to

European travelers having a wholesome desire for sleep at night would do well to give the hotels in Norway a wide berth. As described in the London "Daily Mail" they are not places for rect or recupera-

"Have you tried it yourself?"

Appry on urances that it is all right are often powerless to convince, particularly when nation! Indies preponderate among the questioners. As a last resort the occupant of the chief room may turn the minds of his visiters into another channal by accomplishing them to read the particular.

" ried and thoras the little H .- The cord shall be put out the ground from the shoulders thereunder."

## 10,000 MILES IN A SKIFF.

### Long Cruise Begun in Virginia by Two Young Men.

Early this week Alvah Dorsey James of the wonderful machinery are being clogged by reason of waste matter which is not washed away.

Their little eighteen-foot skill Dipper,

We see by this that water does for us followed away.

tier fitted for hard rowing today than they have been at any time since they tary date ocea at any time since they started from Irvington, Va. on May 19. Certaintly they appear to be in prime condition and the short paddle down the Schuylkili will be sufficient to limber their muscles after their rest during the fortnight spent at the Sportsman's Show

In addition they have the advantage of seven months' training and experience. The cruise so far has been from Irvington, Va., down the Chesapeake Bay. around Cape Charles, up the Delaware Bay end River to Trenton, then through the Delaware and Raritan Canal to New York, up the Hudson to Lake George, and then on the St. Lawrence River and Gulf

portaged across the isthmus to the Bay of Sindy, whence they rowed down the coast to Delaware Bay and up to this

through the Delaware and Chesapeake Cahad down the Chesapenke Bay, along the court around Hatterns and Key West to the Galf of Mexico, touching New Or-leans and Galveston, and on to St. Isabel. Here, the scheduled trip ends, but the young men contemplate continuing their cruise to Mexico. -Philadelphia Times.

## PHIL MAY'S OLD FRIEND.

### The Carleafuris: Thought He Recognized an Acquaintance.

Not so very long and Mr. and Mrs. Phil May were entertaining a large party of frierds distinguished in the world of literature, art, and fashion, and during the evening there called a visitor who made a very diffident entry. The great carica-turist was standing near the head of the ratios taking to Lord Mountworres and Lady Edith Franklin, when his may lett mated that "Mr. Brown" had call-

Mr. May, who often cannot fix the idenusual kind way he went to the top of the Stalrense and ushered in the reluctant visitor, who valuly endeavored to excuse himself. Addressing two or three dis-tinguished friends who were standing near. Mr. May determined to place the new arrival at his case, and in the heart

"Let me introduce my old friend, Mr.

practically disinherited him and made the second son, Alfred G. his heir to what deaf. Still, I want't satisfied and remove amounts to \$60,000,000. And it is solved to try a little strategy. Coaching with this fortune, constantly growing. In

the head of each generation could, at his Save yourself?

death leave the heir more than the father hims off inherited, and at the same time leave prevent militien to each of the other children.

Both Alfred G. Vanderbilt and his wife head and particular the game was up, and he never showed up again. —Atlanta Journals.

## INDIAN GOLD HOARDERS.

## Billions of Dollars Hidden Under-ground by Natives.

About ofty milliards of france is said Curleys Difficulty Which Confronts to be the total amount of the gold product of the two worlds since the discovery of America, And, strange to say, of this outpouring of gold which during four wantered all over the board, by gentleman, wife and 2-year-old boy. world, an immense pertion remains idle remains there more completely hidden than it was in its original state.

The amount of gold brought into India during the past sixty years, that is to say, Wire instructions." The Eulingar post-master apparently sent a similarly ur-gent message, for it was subsequently aumounced that the Postmaster General would reward with two shiftings thirty would reward with two shiftings thirty sects) any person dislodging the bees. absorption has been going on with little interruption for ten centuries and still continues under our eyes, it is easy to form an idea of the immense treasures that are hidden in that country. All this gold remains sterile, and consequent-ly, is lost. It is abourd to say that it is brought into monetary circulation or that it passes through the hands of the native goldsniths. It is disseminated in innumerable hiding places from which it never emerges.

In surficial times and up to the period of the conquest and occupation by the English individual property was not protected. The country from one end to the other was the prey of rival factions, who ravaged it conselessly and without mercy. Princes and potentates as well as the small fry were squeezed and shorn constantly. To escape from the general robbers the natives great and small, carefully concealed their money and their squeezed to stand their squeezed to stand to stand to squeezed their money among them, as that today the natives do just what their ancessors did in past ages. It is entimed to squeezed to see the squeezed to see the squeezed to squeezed to see the squeezed to They are built of wood. In the chief room on every landing there is a freenesse, but even the occupant of this room is not insured a happy night, for from hour to hour limid travelers knock him up to see if the fire-escape is working properly. Looking over one masther's shoulders they ask.

"Is there any danger?"

Dely the master their money and their values under ground. This inveterate health became bereditary among them, so that today the natives do just what their ancessors did in past ages. It is estimated that milliards upon milliards of material their money and their values under ground. This inveterate health became bereditary among them, so that today the natives do just what their ancessors did in past ages. It is estimated that milliards upon milliards of france in gold lie idle in the hiding placers of India, and it is known that this colossal treasure is in coin that dates back several Do you really think the rope would treasure is in coin that dates back several centuries. London Times.

## WATER A SPECIFIC.

## Should Be Drunk Largely by People

nel by permitting them to read the notice | that "all neurasthenics-that is, people which gives complete instructions, in Norwegian-English, to the traveler threatened by fire. It runs thus: "Fare-escape to throw out of the win"fare-escape to throw out of the winfulld in the fissues of the body." It is

gree even when not conscious of any defiery room." office, such the part of found in gree even when not conscious of any defi-To increase the hurry, let down the nite symptoms, are nuffering in some part of the potal at sece for new place character system for the lack of enough fluid. We know that so nicely is the human body adjusted and adapted to its uses that one part cannot suffer without all sufdried through lack of fluid then it is cer-tain that other tissues are also suffering from the same lack, and that the wheels

in the Schupikill River and paddle down a three-fold service. It leeds, washes through the Delaware in continuation of their 10,000 miles rowing fent. They have covered 4,000 during the past seven months and have only five months left to complete the trip within the given time. It will be a close race, but they are confident of success and say that they are better fitted for hard rowing today than a rectaning of self-teleparate. This condition which the doctors call "autointention" of self-teleparate. toxication," of self-poisoning. This con-dition may give rise to almost any known symptoms, from a pimple to heart falfare, and is really responsible for most of the semi-invalids with whom the world

is largely peopled.

To obtain the dest results from water drinking certain rules should be observed. People do not all need the same amount, and it may take a little experimenting to and out just how much should be taken in individual cases. It has been stated by some physicians that five or gix pints should be taken during the twenty-four hours. Of this only a moderate quantity should be taken with the meals. It is mistake to take no water with a meal, but it is perhaps a greater mistake to wash food down with water, especially ice

The best time for water drinking is at night and early in the morning. It is well to form a habit of slowly sipping, during the bath and while dressing, two or three glanses of cool not ice cold water. Two or three more may be sipped at bed time. and again two or three glasses on hour or two before lunchesen and before dinner. In a very short time the value of this habit will became apparent in the result-ant general improvement in direction, temper and appearance—Youth's Com-
